	Pond	Current Sample Date	Current Risk Category	Past Activity
1	Cliff Pond	10/14/24	Acceptable	9/16/24 Acceptable 9/30/24 Acceptable
2	Flax Pond	10/14/24	Acceptable	9/16/24 Acceptable 9/30/24 Acceptable
3	Blueberry Pond	10/15/24	Acceptable	9/17/24 Acceptable 10/1/24 Acceptable
4	Cobbs Pond	10/15/24	Acceptable	9/17/24 Acceptable 10/1/24 Acceptable
5	Lower Mill Pond	10/15/24	Acceptable	9/17/24 Acceptable 10/1/24 Acceptable
6	Pine Pond	10/15/24	Acceptable	9/17/24 Acceptable 10/1/24 Acceptable
7	Upper Mill Pond	10/15/24	Acceptable	9/17/24 Acceptable 10/1/24 Acceptable
8	Walkers Pond	10/15/24	Acceptable	9/17/24 Acceptable 10/1/24 Acceptable
9	Griffiths Pond	10/16/24	Acceptable	9/18/24 Acceptable 10/2/24 Acceptable
10	Long Pond	10/16/24	Acceptable	9/18/24 Acceptable 10/2/24 Acceptable
11	Owl Pond	10/16/24	Acceptable	9/18/24 Acceptable 10/2/24 Acceptable
12	Seymour Pond	10/16/24	Use Restriction	9/18/24 Use Restriction 10/2/24 Use Restriction
13	Sheep Pond	10/16/24	Acceptable	9/18/24 Acceptable 10/2/24 Acceptable
14	Smalls Pond	10/16/24	Acceptable	9/18/24 Acceptable 10/2/24 Acceptable
15	Bakers Pond	10/17/24	Acceptable	9/16/24 Acceptable 9/30/24 Acceptable
16	Elbow Pond	10/17/24	Acceptable	9/16/24 Acceptable 9/30/24 Acceptable
17	Greenland Pond	10/17/24	Acceptable	9/16/24 Acceptable 9/30/24 Acceptable
18	Myricks Pond	10/17/24	Acceptable	9/18/24 Acceptable 9/30/24 Acceptable
19	Schoolhouse Pond	10/17/24	Use Restriction	9/16/24 Use Restriction 9/30/24 Use Restriction
20	Slough Pond	10/17/24	Acceptable	9/16/24 Acceptable 9/30/24 Acceptable

**\*Notes:**

1. The BPC Citizen Science team collects pond water samples.
2. The APCC Lab receives and analyzes the water samples and makes a recommendation.
3. The Town of Brewster Health Director reviews all data and makes the decision. If assistance with a decision is needed, the Health Director consults with the MA Department of Public Health.
