

Cyanobacteria Monitoring Bi-Weekly Update*

Sampling for week of September 16, 2024

	Pond	Current Sample Date	Current Risk Category	Past Activity
1	Cliff Pond	9/16/24	Acceptable	8/19/24 Acceptable 9/2/24 Acceptable
2	Flax Pond	9/16/24	Acceptable	8/19/24 Acceptable 9/2/24 Acceptable
3	Blueberry Pond	9/17/24	Acceptable	8/20/24 Acceptable 9/3/24 Acceptable
4	Cobbs Pond	9/17/24	Acceptable	8/20/24 Acceptable 9/3/24 Acceptable
5	Lower Mill Pond	9/17/24	Acceptable	8/20/24 Acceptable 9/3/24 Acceptable
6	Pine Pond	9/17/24	Acceptable	8/20/24 Acceptable 9/3/24 Acceptable
7	Upper Mill Pond	9/17/24	Acceptable	8/20/24 Acceptable 9/30/24 Acceptable
8	Walkers Pond	9/17/24	Acceptable	8/20/24 Acceptable 9/3/24 Acceptable
9	Griffiths Pond	9/18/24	Acceptable	8/21/24 Acceptable 9/4/24 Acceptable
10	Long Pond	9/18/24	Acceptable	8/21/24 Acceptable 9/4/24 Acceptable
11	Owl Pond	9/18/24	Acceptable	8/7/24 Acceptable 8/21/24 Acceptable
12	Seymour Pond	9/18/24	Use Restriction	8/21/24 Acceptable 9/4/24 Acceptable
13	Sheep Pond	9/18/24	Acceptable	8/21/24 Acceptable 9/4/24 Acceptable
14	Smalls Pond	9/18/24	Acceptable	8/21/24 Acceptable 9/4/24 Acceptable
15	Bakers Pond	9/16/24	Acceptable	8/19/24 Acceptable 9/5/24 Acceptable
16	Elbow Pond	9/16/24	Acceptable	8/19/24 Acceptable 9/5/24 Acceptable
17	Greenland Pond	9/16/24	Acceptable	8/19/24 Acceptable 9/5/24 Acceptable
18	Myricks Pond	9/18/24	Acceptable	8/19/24 Potential for Concern 9/5/2024 Acceptable
19	Schoolhouse Pond	9/16/24	Use Restriction	8/19/24 Acceptable 9/5/2024 Acceptable
20	Slough Pond	9/16/24	Acceptable	8/19/24 Acceptable 9/5/2024 Acceptable

***Notes:**

1. The BPC Citizen Science team collects pond water samples.
2. The APCC Lab receives and analyzes the water samples and makes a recommendation.
3. The Town of Brewster Health Director reviews all data and makes the decision. If assistance with a decision is needed, the Health Director consults with the MA Department of Public Health.
